EXPERIENCE

Provisionally Licensed Psychologist

Jennifer L. Rockett, PhD, PLLC – Bryan, TX | September 2021 - Current

- Therapy and assessment
- Developing individualized treatment plans to address issues
- Competency to stand trial evaluations (currently under supervision)
- Criminal responsibility/insanity (currently under supervision)

Postdoctoral Fellow

Wasco State Prison – Wasco, CA | October 2018 – April 2021

- Working at California's largest reception center in the Correctional Clinical Case Management System (CCCMS) and Enhanced Outpatient (EOP) programs.
- Role included rotations working in Diagnostics using a brief mental health screening and the TONI-IV to determine whether patients required a mental health intake or reasonable accommodations.
- Transferred to working in the Enhanced Outpatient (EOP) Level of Care program in December 2019. This program is for patients who need a higher level of care due to increased mental health symptoms in the prison system.
- Facilitating and created topics for a symptom management group four times a week for EOP level of care on topics including managing emotions, mindfulness and understanding triggers.
- Facilitating and participating in monthly EOP Interdisciplinary Treatment Teams.
- Conducting 5-day follow-ups on those suspected or confirmed as danger to self or danger to others to ensure patients remain stable by teaching coping skills. A suicide risk assessment was completed at the end of the five days.
- Building rapport and guided discussion with patients using therapeutic communication techniques such as cognitive behavioral therapy and solution-focused therapy.
- Collaborated with psychiatrists, correctional officers and nursing staff to provide comprehensive patient care.
- Maintained thorough records and submitted timely documentation.
- Proficient in using Cerner electronic medical recording program.
- Versed in working with translators to provide therapy to those that are non-English speaking.

Doctoral Psychology Intern

Southern Nevada Adult Mental Health Services, West Charleston Clinic – Las Vegas, NV | July 2016 - July 2017

- Provided individual therapy (Cognitive Behavior Therapy, Dialectical Behavior Therapy, and Acceptance and Commitment Therapy) to patients in civil (inpatient and outpatient) and forensic units.
- Facilitated and co-facilitated DBT and Wellness and Recovery Action Planning groups on civil units; Community Re-Entry group on forensic units.
- Administered, scored and interpreted Cognitive, Personality and Malingering tests to provide accurate and objective court reports.
- Completed full clinical diagnostic intake assessments (inpatient and outpatient).
- Received supervision when writing competency to stand trial evaluations.

- Utilized Dragon Naturally Speaking program to dictate notes and reports into Word before uploading them to the EMR system.
- Assessed patient needs and generated reports regarding differential diagnoses and treatment recommendations.
- Conducted a research project on restraint predictors at the hospital.
- Presented educational talk on working effectively with the LGBTQIA community as part of a monthly education for staff members.
- Created positive behavioral support plans for patients with maladaptive behaviors.
- Completed mobile crisis rotation with children under age 18 - conducted clinical assessments and short-term interventions.

Student Assistant

Alliant International University – Alhambra, CA | August 2013 - July 2017

- Answered and managed incoming and outgoing calls while recording accurate messages.
- Opened and properly distributed incoming mail.
- Maintained clean reception area, including lounge and associated areas.
- Screened all visitors and directed them to correct employee or office.
- Assisted with Commencement Ceremony once yearly.
- Assisted students with disabilities (note-taking and transcribing).

Practicum Student

Sylmar Health and Rehabilitation Center – Sylmar, CA | September 2015 - June 2016

- Provided weekly individual inpatient psychotherapy to individuals who were suffering from severe and persistent mental illness that were placed on Lanterman Petris Short or Murphy conservatorship.
- Facilitated and co-facilitated weekly group therapy (Restoration of Competency and Community Skills).
- Consulted with multidisciplinary teams to prepare patients to graduate to a less restrictive environment.
- Prepared and delivered in-service education on mental health for counselors.
- Performed chart reviews; developed and implemented treatment plans and modified when needed.
- Observed and monitored client behavior and responses to treatment when clients were in group, smoke breaks or during leisure time.

Substance Abuse Counselor

Aegis Treatment Center – CA | October 2015 - December 2015

- Provided individual weekly outpatient psychotherapy using evidenced-based treatments such as CBT and solution-focused therapy.
- Timely completion of client progress notes.
- Observed and monitored client behavior and responses to treatment.
- Facilitated smooth discharge by encouraging and reassuring clients throughout their transitions.
- Developed and implemented short- and long-term treatment plans and modified when needed.
- Trained in substance abuse, co-occurring disorders, and the effect of employment and housing issues on mental health for both low income and underserved populations.

Practicum Student

Los Angeles LGBT Center – Los Angeles, CA | August 2014 - June 2015

- Guided adult outpatient clients in effective therapeutic exercises integrated from Cognitive Behavior Therapy and Dialectical Behavior Therapy.
- Provided long and short-term therapy to individuals from the LGBT community.
- Short-term therapy focused on solution-focused interventions.
- Conducted weekly full clinical intake assessments with individuals and couples.
- Provided weekly triage care and stabilization to walk-in crisis clients.
- Developed and implemented treatment plans and modified these when needed.
- Connected clients with community service and resource agencies specifically aimed at underserved communities.
- Trained in substance abuse, HIV, intimate partner violence, co-occurring disorders, and the effect of employment and housing issues on mental health in the LGBT community.

AFFILIATIONS

American Psychology-Law Society,
Brazos Valley Psychological Association
